

Grasse FLAVOURDAY

27 SEP 2018
#Grasse_FlavourDay

EFFA SUSTAINABILITY CONFERENCE

The 2018 #FlavourDay tour stops in Grasse. This French city, birthplace of the Flavour and Fragrances industry in Europe, will host the EFFA General Assembly and Sustainability Conference 2018. Sustainability is in the flavour industry DNA, and this conference will be the opportunity to present the flavour initiatives on sustainability.

Among our speakers we have representatives of the European Parliament, the European Commission and national policy makers, together with consumer insights experts and representatives of the flavour industry.

Join us once more in a #FlavourDay to discover the role of flavourings in the future of food.

14:00

WELCOME

Antoine Kastler, President of the European Flavour Association (EFFA)

INTRODUCTORY REMARKS

Jérôme Viaud, Maire of Grasse

SUSTAINABILITY FOR THE FLAVOUR INDUSTRY
